Software Developer

Motivated and self-taught software developer with a strong foundation in front-end and back-end technologies, including JavaScript, TypeScript, React, NodeJS, Java, and MySQL. Skilled in troubleshooting, problem-solving, and collaborating with teams to achieve project goals. Adept at acquiring new skills and passionate about developing innovative solutions to complex problems. Seeking a software developer position to apply my skills and knowledge in a dynamic and collaborative environment, while continuing to learn and grow as a developer.
